

Development ~ Competition ~ Character

Arlington United provides opportunities for Arlington and NOVA players to play big field (60'/90') baseball in Arlington.

The program, established in 2024, provides multiple levels of baseball, developing players to play competitive travel, high school and college-level ball.

The program began with 13U-15U. Starting in 2025-2026, the program will expand to provide baseball opportunities at the 16U level.

Vision

An inclusive, community-based program that provides **competitive travel baseball opportunities** for teens to open pathways to high school baseball and beyond.

The multi-level program will develop and reinforce a positive sports culture that promotes the mental and emotional well-being of players as well as their physical development as ballplayers.

In addition to providing appropriate competitive baseball activities, United works hand-in-hand with ASBR to support and grow recreational 60/90 baseball in Arlington.

Arlington United Travel Teams

Regional

Teams practice and play on **Arlington fields**, play a competitive tournament and NVTBL schedule, and are managed by coaches with experience at the pro, collegiate, and/or high school levels.

Players are drawn primarily from Arlington. Those on the top two teams are not required to play recreational baseball, though are encouraged to do so.

DMV

Local team(s) also play a competitive travel schedule, and players on these teams will participate in the ASBR spring league to maximize opportunities to develop and grow as players.

Local

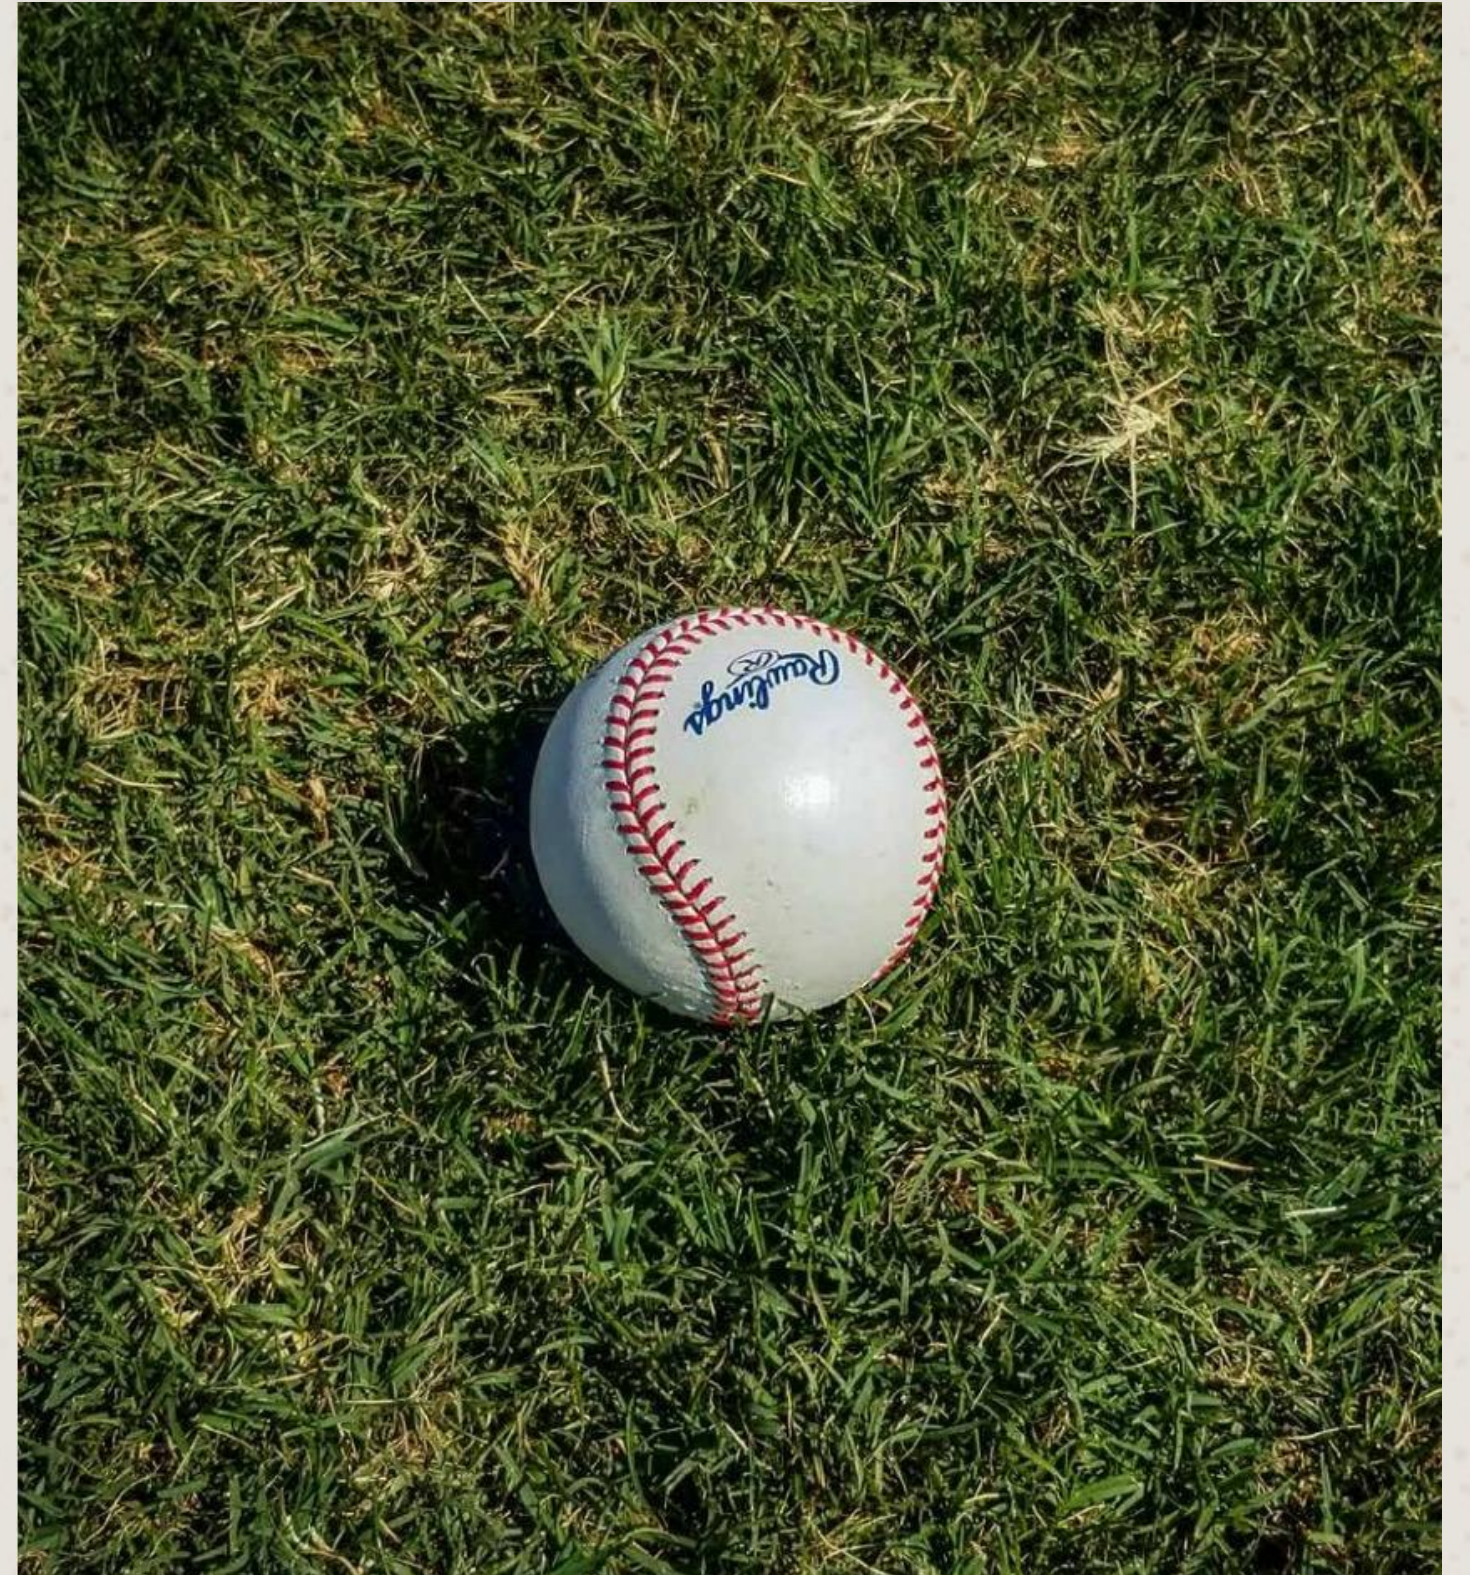

ASBR + All Stars

Arlington United is partnered with Arlington Senior Babe Ruth.

Over the past decade, ASBR has had enormous success in putting together summer all-star teams that have competed and won at the national Senior Babe Ruth Tournament.

All travel players will be encouraged to play rec baseball, making them eligible for the ASBR All Star Teams.

The program will put together joint information sessions prior to the rec seasons so that parents and players who have been through the tournament can share their experiences with interested players and families.

Teams and Tryouts

Open tryouts held in May

6 Teams Formed in 2024-2025
170+ players tried out across four sessions
Vast majority of players from Arlington

Competitive Teams at Every Level
Strong Development of Payers

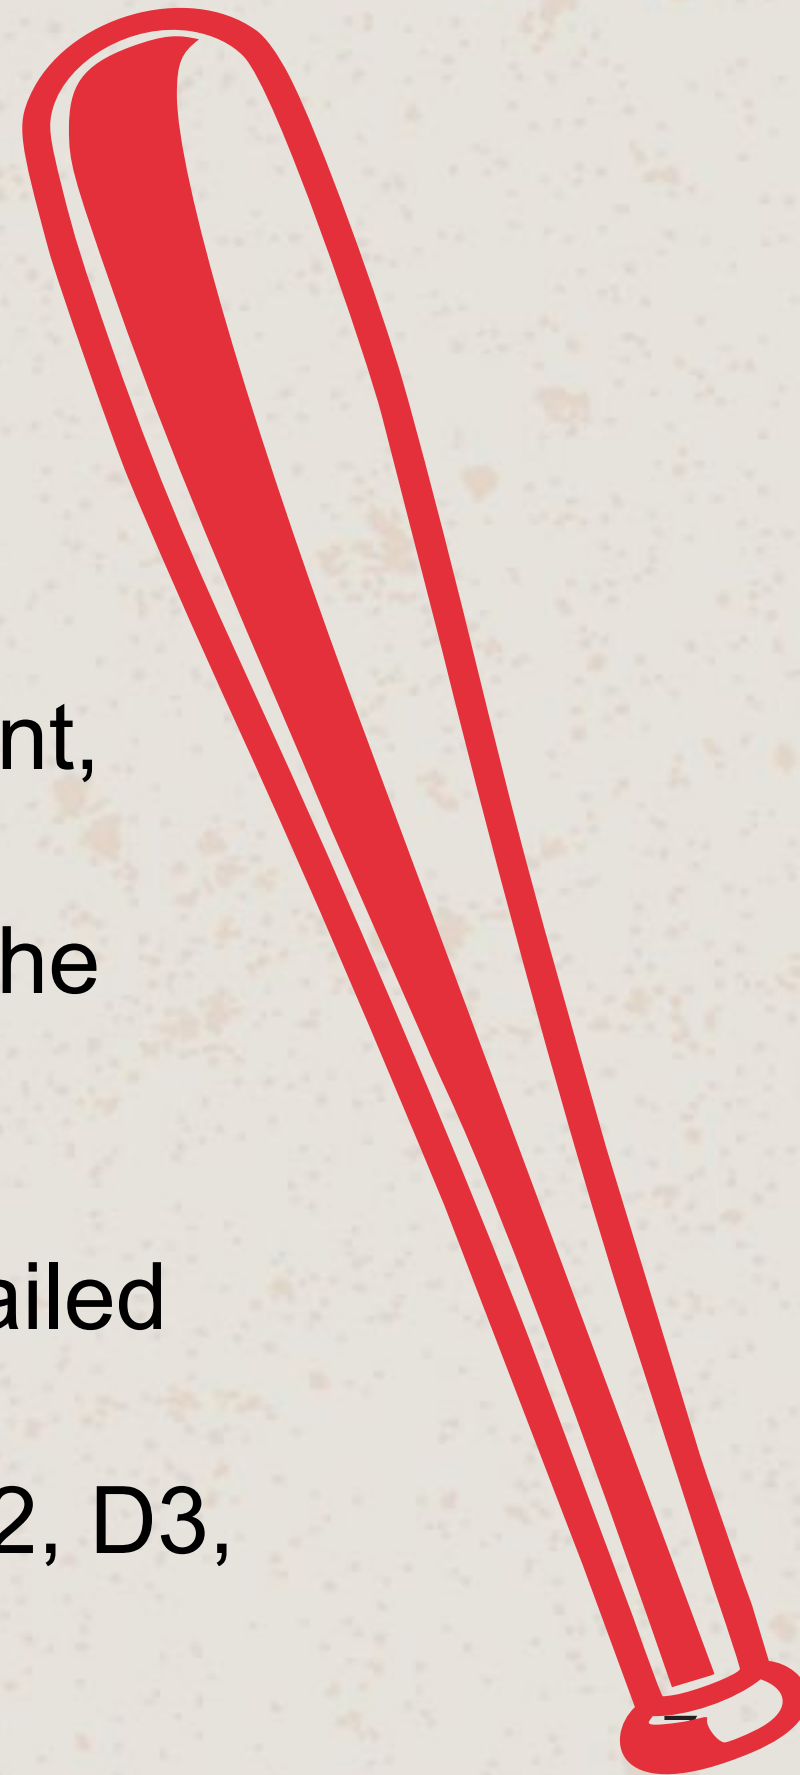

16U Expansion

Dedicated Program to Develop Players & Place Them in College Programs

Education - Amid a changing college recruiting environment, Arlington United will provide players and parents with the information they need about how to successfully navigate the shifting system.

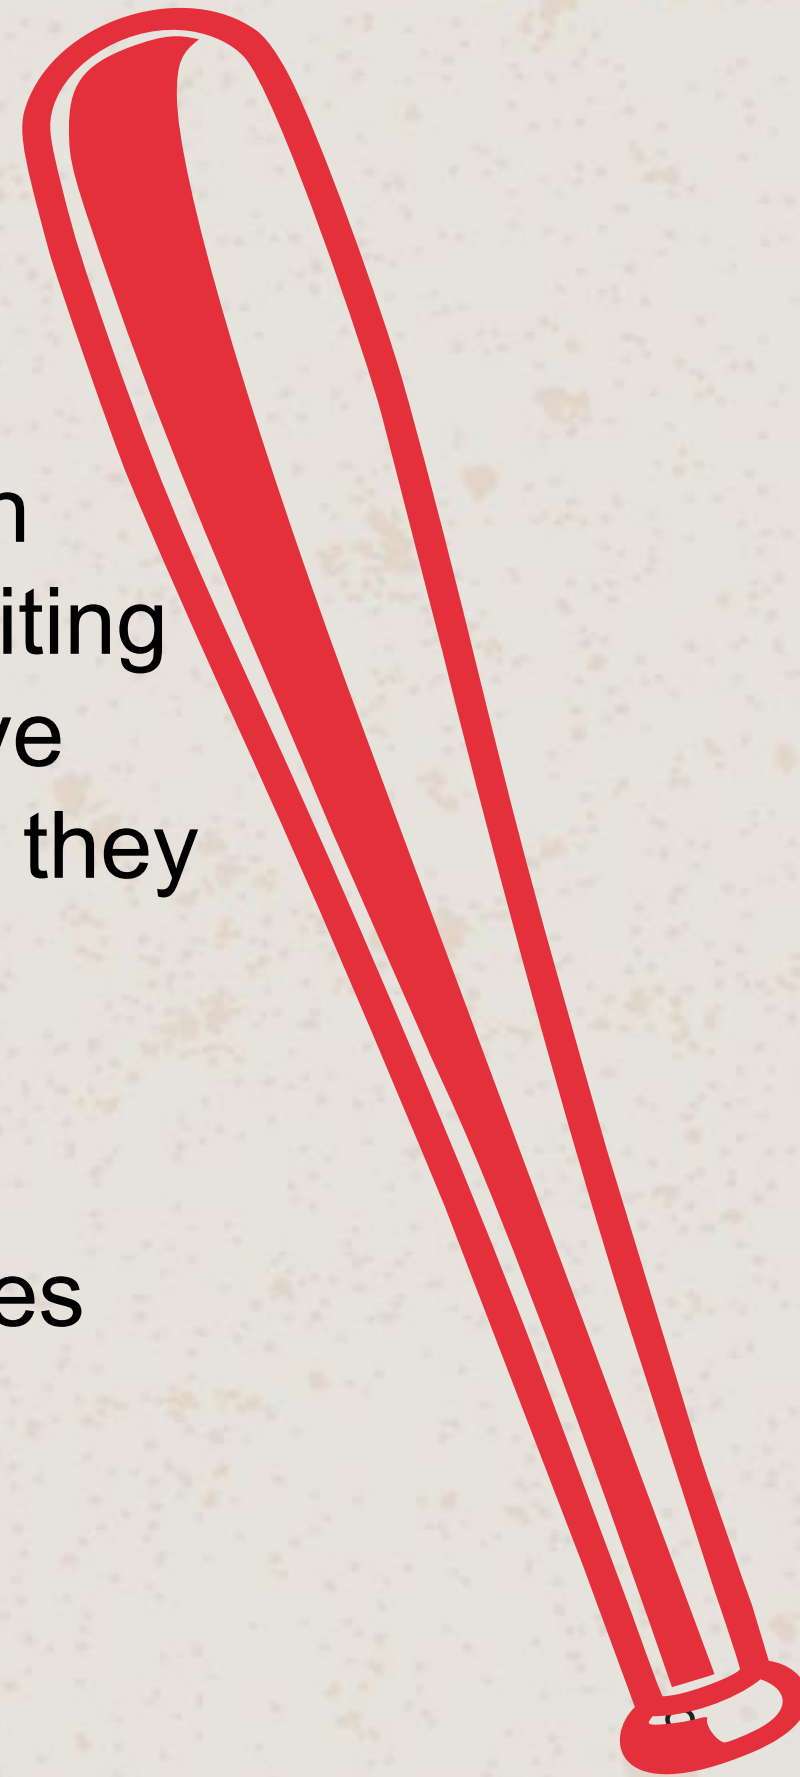

Analysis – Arlington United will provide players with a detailed analysis of their game and what they need to be recruitable - whether they're interested in playing D1, D2, D3, or JUCO ball.

16U Expansion (Con't)

Opportunities – Arlington United will staff the program with coaches who understand and have been through the recruiting process and build a schedule that ensures that players have opportunities to attend showcases and tournaments where they can be seen by college scouts.

Player Advocacy – Arlington United will provide access to services to support players in engaging with college coaches through the key recruiting period.

Sample Calendar

Fall Season

Field and Hitting Practices (at least 2x per week)

NVTBL + Tournaments

Coach Fox Fall Classic
